Plymouth Sound and Estuaries Marine Recreation Survey

Do you spend time in, on, under or near the water? If so, Footprint ecology would like you to complete a short online survey about recreation in our blue spaces.

D&S IFCA have been advised of a new online recreational survey being conducted by Footprint Ecology as part of the Recreation Mitigation and Management Scheme by Plymouth City Council.

The survey aims to find out how people use the Plymouth Sound and Estuaries European Marine Site for outdoor recreation. This survey builds on the original study that was carried out in 2016/17.

The results will be used to help protect the Marine Protected Area. The survey can be found here -

<https://online1.snapsurveys.com/plymouth-recreation>)

It only takes approximately 5 minutes to complete and will run until 31 December 2023.

D&S IFCA is helping to support this work by circulating the information about the survey; however, D&S IFCA will not manage any data collected in the survey.

If you have any questions regarding the survey, please get in touch with Kate Duncan, Marine Natural Infrastructure Officer:

The poster features a blue header with white icons representing various water activities: sailing, swimming, surfing, fishing, kayaking, snorkeling, walking, and dog walking. Below the icons, the title 'Plymouth Sound & Estuaries Recreation Survey' is written in white. Underneath, a white box contains the text 'Help us look after Plymouth Sound and Estuaries!'. The main body of the poster is white with blue text asking 'Do you spend your time in, on, under or near the water?' and 'Please complete this short survey about recreation in our blue spaces so we can manage it for nature and people.' A QR code is on the left, and the URL 'https://online1.snapsurveys.com/plymouth-recreation' is on the right. At the bottom, there are logos for Plymouth City Council, Devon & Severn IFCA, and LIFE Recreation ReMEDIES.
