The Marine Management Organisation begins a consultation on the South West Inshore & Offshore Marine Plan

Since 2016 the Draft South West Inshore and Offshore Marine Plan has been developed with stakeholders, providing a robust and evidence-based plan that is tailored to the economic, environmental and social needs of the south west inshore and offshore marine plan areas.

The Marine Management Organisation (MMO) are in the process of highlighting the final stages of a public consultation and this is the last chance to make representations on the plan policies, to ensure they reflect local issues and that they are implementable.

The consultation opened on 14th January 2020 and will close on 6th April 2020.
