Outturn 2024/25

The final outturn position for the authority resulted in a favourable variance of £28,818.

The main variances attributing to this favourable position are:

- £10,000 Staff costs – Pay award lower than budgeted, as well as post being vacant for two months.
- £11,900 Legal Fees – reduction in court cases, due to other forms of action.
- £10,000 AIFCA Income – additional income received for the Aquaculture & Recreational Sea Angling Project.

With the budgeted use of reserves of £2,434 this gives a net transfer to general reserves of £26,384 for 2024/25.

The final position has been possible due to the one-off DEFRA grant funding of £130,000 (budgeted at £150,000) for Fisheries Management Plan Programme, MPA work and Marine Spatial Prioritisation Programme.
